Case #1

Case #2

Google maps updated the street she lives on in September 2024. She's still missing, so I have questions. First, note the camera, just out of interest. Secondly, she lives at 815A <-- note the A Minnesota St. This may explain why she has two windows open and a car in the lot. Because where there is an A, there is presumably a B. Hopefully police spoke to B. Then there are the two sketchy garages, which I wonder if anyone looked inside or behind.
