Lenore Morales · Mar 8, 2022 · 🌐

Thanks for inviting me. I have been searching for my brother Daniel G Taylor since 1967. He left Milwaukee Wisconsin with a couple of friends to go Nebraska and said he would be back in a couple of weeks . He never returned and never contacted any of my family. I hired a private detective and his SS# and birthday certificate does not exist. That's strange to me.

I promise my mom on her death bed I would not stop looking. Any help would mean so much to me and my family. He was 21 when he left and on Dec 2nd he turned 75. Thanks

NOW MISSING FROM ILLINOIS

Details of Disappearance

Melissa has ties to Shannon, Illinois and was believed to have been in Shannon shortly before her whereabouts became unknown. Trumpy's truck was found near W. Pearl City and S. Bolton Roads, but there was no sign of her. She left her job Tuesday night around 10:30 p.m. it is believed that Trumpy met up with her boyfriend, Derek Hammer, later that night. "They left together around 12-12:30 that night, and he returned between 3-4 that morning, alone," Mboge (sister) said. Trumpy was set to testify against Hammer in the case listed as case 1 on the right.

Before she went missing Melissa had cuts on her face from the reported domestic violence. According to posts, "there's ties to the Babbs Grove Rd area/Bolton Rd area and a 20 mile radius from the Bolton Rd location."

Derek Hammer has received a 5 1/2 year sentence for 11 lbs of marijuana. I don't know when he will be out, if there is probation or not. There is a reward in her case.
