Details of Disappearance

Sister reports speaking to him in July of 1967. Said he was going to Nebraska with a few friends and would return in a few weeks and never returned. His family didn't know the friends.

Daniel's mom later received a postcard from Daniel sent from the World's Fair in Montreal, Canada. The fair was held from April to October in 1967. The dates don't make sense. The FBI later took possession of the postcard, and the family doesn't recall when the card was sent.

Actions

Why would he have no social and no birth certificate?
Asked Humboldt why they hold the case and sent green image below 11/1/24

Thanks for inviting me. I have been searching for my brother Daniel G Taylor since 1967. He left Milwaukee Wisconsin with a couple of friends to go Nebraska and said he would be back in a couple of weeks . He never returned and never contacted any of my family. I hired a private detective and his SS# and birthday certificate does not exist. That's strange to me.

I promise my mom on her death bed I would not stop looking. Any help would mean so much to me and my family. He was 21 when he left and on Dec 2nd he turned 75. Thanks
