Details of Disappearance

Shannon Salisbury left her boyfriend, Henry Stankey, their two children, both younger than 2, and their home in Bangor, to go for a drive after an argument with her boyfriend, about 21.30 on October 20, 1994. She was never seen again. Her boyfriend reported her missing two days later.

On October 23, Salisbury's abandoned car was found with a flat tire on Jewett Road, near Niedfeldt Road, north of Burns, about 5 miles from her home. Salisbury's boyfriend has been very uncooperative with the investigation. He maintains his innocence in her disappearance and has custody of their children. There was a domestic dispute between the couple about a month before Salisbury disappeared; they supposedly argued because she wanted to end the relationship. Foul play is suspected. Over the years, unsuccessful search efforts with cadaver dogs have taken place in the area where Shannon's car was found. Boyfriend Harold Stankey has a long criminal history.

Details of Disappearance

Schroeder was last seen at his Brice Prairie home on September 22, 2012. His wife took him home from church early because he wasn't feeling well. His wife dropped him off home at 2:10 p.m. and he said he would try to get some sleep. Shortly afterward, he had apparently left on foot and without his money, wallet, cellular phone or identification.

Karla Schroeder says he had been depressed the last couple of days, due in part to the pressures of taking care of their son with special needs. A police report says he was intoxicated at the time. It also alleges he was out drinking all the night before and had run-ins with employees at Hooters and Walmart. The lead investigator in the case says it could have played a role in why he left. A dog tracked Schroeder's scent for a mile along some nearby railroad tracks, then lost the trail.

Missing From: Concord, Jefferson County
Age: 16 years old
Date of Birth: January 15, 1957
Sex: Female
Race: White
Height and Weight 5'5, 120 pounds
Clothing: A light blue formal gown with brown and pink trim and white flowers, a corsage, a gold pin, a gold chain and high-heeled shoes
Hair: Brown
Eyes: Green
Piercings: Her ears are pierced
Medical: she has previously broken her collarbone
Father Marvin Sjoberg
Exclusions: 25

Details of Disappearance

This was not a murder by Edward Edwards like the two teenagers who died a few years later. Getting that out of the way. Also Rodney Alcala was still in prison when Catherine went missing.

She was last seen leaving Concord Center House from the Oconomowoc High School post-prom party during the early morning hours. She got into an argument with her boyfriend at 3:00 a.m. and then left. The prom was held at the Jefferson County Concord House dance hall, on an interstate 94 interchange in Concord. She was later seen in Delafield walking home. The land around Concord House has been most deforested by now, but even then it was thoroughly searched. After passing a polygraph test, the boyfriend was ruled out as a suspect in Cathy's disappearance. I believe Delafield area needs to be searched, see article below.

Girl Missing After Prom

IXONIA — Police have no idea where 17 year old Cathy Sjoberg is.

The girl walked away from the Oconomowoc High School post-prom party at the Concord House near Highways 135 and I-94 in Jefferson County early Thursday morning after a spat with her boyfriend.

She was wearing a formal dress and high heels when she left the party. She didn't leave in a car.

Miss Sjoberg's parents have been divorced for a year. However, there is no indication she was depressed about her family situation.

Her mother is planning to remarry this Saturday, and her daughter was reportedly happy about the remarriage.

The girl, who just finished her junior year at Oconomowoc High School, was last seen in Delafield

Cathy Sjoberg: Missing after prom Wednesday

about 7 a.m. Thursday, three and a half hours after she left the post-

prom, according to her father.

At that time she had her formal on and was walking through downtown Delafield. She hasn't been seen since.

"I don't think there's been any foul play," said Marvin Sjoberg, her father. "I just think she took off."

He added, however, that she never ran away before.

"I've been looking for her every day and every night," said Sjoberg.

Cathy lived with her mother at 1098 Marietta Ave., Ixonia. The case is being handled by the Jefferson County Sheriff's department.

Miss Sjoberg is about 5'4", weighs about 120 pounds, and has moderately long taffy-colored hair, her father said.

Age: 70 years old
DOB: 12 AUG 1925
Sex: Male
Race: White
Height and Weight: 5'11 - 6'1, 145 - 165 pounds
Medical: taking medication at the time of his disappearance
Hair: Brown
Eyes: Blue
Parents: Edward & Hilda Konkel Smith

Details of Disappearance

Smith's ex-wife, Twyla, reported him missing, saying she last had contact with him sometime in March 1996. She stated Smith's last known address was in Rome, Wisconsin, but he also stayed frequently in the Tucson, Arizona area. His ex-wife was concerned for his well-being because she hadn't heard from him in several months and he hadn't used their joint checking account, which was his only source of income.

No one in Smith's family has heard from him since 1996, and his ex-wife believed he is deceased. She has since passed away.

On his gravestone, his official date of death is 2001, not 1996. I believe this is when they had him declared dead legally.

Missing From: Milwaukee, Milwaukee County
Age: 34 years old
DOB: 18 FEB 1956
Height and Weight: 5'1, 130 pounds
Race: Black
Sex: Female
Hair: Brown, wears light-colored wigs
Eyes: Brown
Marks: Scars on her abdomen, face, lip, left finger, neck and near her right eye
Exclusions: 2

Details of Disappearance

Vanessa may go by Blacks or Smith, her married name. Her ex- husband was David P. Smith, born April 1, 1960. Depending on the resource, her name is listed differently. They were married on August 4, 1982, in Gary, Indiana. Smith's aunt last saw her on December 31, 1990. Vanessa had gone out to celebrate the New Year and was seen at the Ambassador Hotel in the 2300 block of west Wisconsin Avenue in Milwaukee. She has never been heard from again. Her aunt reported her missing on July 25, 1991. Her boyfriend said he'd last saw Smith on January 1, 1991, after she called for a cab. He said he walked her to the exit of his apartment building, but didn't actually see her get into the cab, or notice what the cab looked like.

Actions

My only thought is: her husband may know something. She may have gone to Monroe LA, where she was from originally, or back to Gary, Indiana. A skip trace might help.

Details of Disappearance

On July 7, 1958 Mildred's divorce was granted against her husband. That day after court, Mildred had contact with a family member. Later that evening Mildred was supposed to meet another person (their identity is not known). Mildred has not been seen or heard of since July 7, 1958. Her husband, Norman Stiller, committed suicided on July 22, 1958. Her home address was 1012 Howard St. He left a note, but there was no indication of anything happening to Millie in it. Their children were taken in by an aunt and an adult sibling.

I know it looks like her husband killed her. But there's a weird little fact that gives me a gut feeling otherwise. Right after his first wife died, he had an event and ended up in the hospital himself. Big leap here maybe suicide attempt. Now that second wife divorces him, he goes through with it. I don't know if he killed her or not, but it's possible her kids might know.

Details of Disappearance

At that time he told friends that he was going hunting down south for a couple of weeks and he requested a friend take care of his animals while he was gone. According to friends David was vague about his exact location or who if anyone he would be with. They thoroughly examined Blue Mounds Park as much as possible. One possible location may be the Fox Valley in eastern Wisconsin. Friends indicated that it is not normal for David to be gone for such a long period of time and they are concerned because he does have health issues. David does not have a cell phone, and he left his vehicle at home which is not out of the ordinary because he usually rides with others. At this time it is unknown what if any vehicle he may be traveling in. David's house and property were searched with no leads as to where he might have gone. He told several people that he was going deer hunting down south (unknown location) with a friend and would be back within a week or two.

Details of Disappearance

On October 9, 2002, Jerrold "Jerry" Strege's father went to his apartment because Jerry had not been answering his phone. Jerry's father found a light on in the bedroom, Jerry's cell phone next to the bed, and the television on turned to the golf channel. Jerry's wallet was there as well and his motorcycle was at the apartment. Jerry's father stated that he had last seen Jerry physically on September 23, 2002. Jerry was a prison guard and had been held hostage in a prison riot a few years prior to his disappearance. He was held hostage by inmates who tortured him and threatened to set him on fire. Jerry was an avid, highly skilled amateur golfer and had been planning to compete in a golf tournament the weekend of October 5-6, 2002. The prison grounds were thoroughly searched, and it is believed Jerry might have gone into the [Horicon Marsh](#) to check his deer stand prior to hunting starting.

Details of Disappearance

On April 18th, 2023, Marathon County Deputies responded to a found Apple iPhone at the dead end of Ringle Ave. The phone was found to belong to Tara Jane Sullivan. Upon attempting contact with Tara at her home in Weston, officers noticed her garage door damaged, as if a car had driven through it. Nothing else in or around the home was disturbed or provided any information of Tara's whereabouts. Tara's white 2017 Buick Enclave was located on Old Hwy 29, south of State Highway 29 in Shawano County, approximately 30 miles east of her residence. The vehicle showed no signs of struggle, and the keys to the vehicle were left in the cupholder. LE was searching using K-9's and drones. Her vehicle is now accounted for.

At least that's what law enforcement is telling us. One of my group members is trying to do a FOIA because there are so many unanswered questions. Did she join the SIST cult? Was she drunk and wandered off to the woods and died of exposure?
