<h3>Details of Disappearance</h3> <p>This was not a murder by Edward Edwards like the two teenagers who died a few years later. Getting that out of the way. Also Rodney Alcala was still in prison when Catherine went missing.</p> <p>She was last seen leaving Concord Center House from the Oconomowoc High School post-prom party during the early morning hours. She got into an argument with her boyfriend at 3:00 a.m. and then left. The prom was held at the Jefferson County Concord House dance hall, on an interstate 94 interchange in Concord. She was later seen in Delafield walking home. The land around Concord House has been most deforested by now, but even then it was thoroughly searched. After passing a polygraph test, the boyfriend was ruled out as a suspect in Cathy's disappearance. I believe Delafield area needs to be searched, see article below.</p>	<h3>More Information</h3> <p><a href="#">Charley Project</a> <a href="#">Doe Network</a> <a href="#">NaMus</a> <a href="#">Age progression</a> <a href="#">Websleuths</a> <a href="#">NCMEC</a></p> <p>Case Owner: Jefferson County Sheriff (920) 674-7363 Agency Case Number 74-1659</p>

# Girl Missing After Prom

**IXONIA** — Police have no idea where 17 year old Cathy Sjoberg is.

The girl walked away from the Oconomowoc High School post-prom party at the Concord House near Highways 135 and I-94 in Jefferson County early Thursday morning after a spat with her boyfriend.

She was wearing a formal dress and high heels when she left the party. She didn't leave in a car.

Miss Sjoberg's parents have been divorced for a year. However, there is no indication she was depressed about her family situation.

Her mother is planning to remarry this Saturday, and her daughter was reportedly happy about the remarriage.

The girl, who just finished her junior year at Oconomowoc High School, was last seen in Delafield

**Cathy Sjoberg: Missing after prom Wednesday**

about 7 a.m. Thursday, three and a half hours after she left the post-

prom, according to her father.

At that time she had her formal on and was walking through downtown Delafield. She hasn't been seen since.

"I don't think there's been any foul play," said Marvin Sjoberg, her father. "I just think she took off."

He added, however, that she never ran away before.

"I've been looking for her every day and every night," said Sjoberg.

Cathy lived with her mother at 1098 Marietta Ave., Ixonia. The case is being handled by the Jefferson County Sheriff's department.

Miss Sjoberg is about 5'4", weighs about 120 pounds, and has moderately long taffy-colored hair, her father said.
