Details of Disappearance

Duvall was last known to be in the Manitowoc area in the autumn of 1988. Duvall was reported missing by her ex-husband on October 1, 1988. Cheryl's ex-husband had full custody of their 2 children, and they visited Cheryl on the weekends. He said that they had a friendly relationship over the 4 years they were divorced. At the time of her disappearance she was living with John Michael Neuser, her boyfriend.

A farm on South Parkview Road and another property in the Town of Cato were searched. The police found evidence and sent it to the lab but results came back inconclusive. John has been a person of interest but he has not been named a suspect.
