## Details of Disappearance

Stark was last seen in South Milwaukee on or about January 12, 1946. (interestingly, the same day her husband, William P. Stark, was released from the military.) She was having marital issues at the time of her disappearance. She never came to pick her two young children up at the babysitter's home and has never been heard from again. Stark's family doesn't believe she would have abandoned her children.
