Case Owner:
Oneida County Medical Examiner
(715) 369-6196

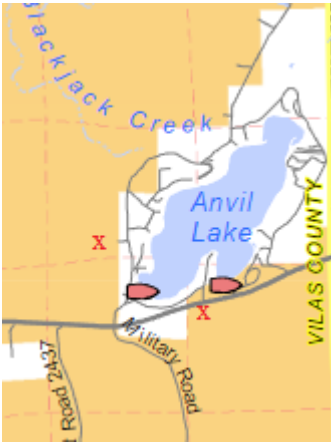

Details of Disappearance

This one is kinda close to my heart not just because it's a sad story, but because I found the photograph in the newspaper. Back when NaMus used to have employees, they'd respond to you, get your additions put up, and were kind and encouraging. I miss that. He was out grouse hunting with his son and basically vanished. His son never got over it. He was last seen in the woods near the area of Military Road (FR 2199) about 0.45 miles north of Kentuck Lake Road (FR 2465) This can be difficult to find on a map - but it's within Nicollet National Forest. FR 2178 is an alternate name for Military Road and in some places its 2183. Other sources state it as Kentuck Road & Federal Forest Road 162 just north of State Highway 70.
